

HOSTED BY
**CRITICAL CARE NURSES ASSOCIATION
 OF THE PHILIPPINES, INC. (CCNAPI)**

EMERGENCY NEUROLOGICAL LIFE SUPPORT CERTIFICATION COURSE

MAY 2, 2016

Aventura Hall, Philippine Heart Center

A Comprehensive List of Diseases Covered in ENLS

Acute Non Traumatic
 Weakness

Acute Stroke

Airway , Ventilation, and
 Sedation

Coma

Intracerebral hemorrhage

Ischemic stroke

Meningitis and Encephalitis

Resuscitation Following
 Cardiac Arrest

Spinal Cord Compression

Status Epilepticus

Subarachnoid Hemorrhage

Traumatic Brain Injury

Traumatic Spine Injury

Elevated ICP and
 Herniation

Glasgow Coma Scale

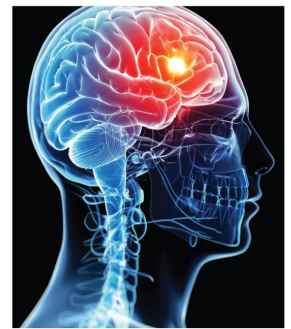

Hunt Hess Classification
 of SAH

World Federation
 Neurological Scale

ENLS Description

A comprehensive educational program designed to help health-care professionals improve patient care and outcomes during the critical first hours of a patient's neurological emergency:

- Review the early critical management of 13 key neurologic emergencies, including ischemic stroke, intracranial hemorrhage, subarachnoid hemorrhage, traumatic brain injury, intracranial hypertension and herniation.
- ENLS demonstrates a collaborative, multi-disciplinary approach and provides a consistent set of protocols, practical checklists, decision points, and suggested communication to use during critical patient management.
- Achieve ENLS certification after demonstrating mastery of the patient care protocols
- Approved for continuing education credits for physicians, nurses, and other professionals.

Benefits of Certification:

- A select set of topics directly relevant to neurocritical care
- Advanced knowledge
- Demonstrate content mastery through certification
- Current and evidence-based
- Improved patient care and outcomes

Registration fee is inclusive of Presenter/Host site access codes that the participants will need in order to access the ENLS online modules, exams and certificate of completion; snacks and CCNAPI certificate with credit units
